

About Us:

01About UsSOFTWARE DEVELOPMENT IN ETHIOPIA SINCE 2019Addis Software PLC is a Software development team in Addis Ababa, Ethiopia serving clients nationwide and worldwide. We are extremely committed to delivering quality advice, sales and support to assist our clients to achieve the maximum from their investment. Addis Software PLC was started because we want to contribute our own share by providing opportunities to talented developers. While working on projects that actually can bring a significant change in Ethiopia's IT sector. So as to digitalize government services or private sector services and many more. We want to create an environment where everyone learns from each other and grows together. While creating an open and transparent culture in our office.
